We do hereby confirm that Mr Trevor O'Bryan has actively enriched and enlivened our club life during his stay in Germany.

Mr O'Bryan has been present at many of our monthly meetings and supported us with his participation and his voluntary activities in all respects.

We, the "Friends of Lynchburg" association have – since our foundation in 2004 – taken a firm stand in the understanding and further development of friendly relations between the cities of Glauchau, Germany and Lynchburg, Virginia and organized numerous student exchanges and established contacts between various institutions. At the same time a lot of personal friendships have emerged. We take personal pride in the fact that our partnership is so intensively and exemplarily enlivened through these manifold activities as well as personal commitment.

We do wish Mr O'Bryan all the best for his future and hope that he will use his gained experiences in establishing further relations between both our countries.

Glauchau, Germany 26<sup>th</sup> June 2010

---

Mr Thomas M. Schreiter, Vice President
